

## Big Data in Real Life Discussion Board

Please respond to the following topic:

We have already looked at how statistics in general are used both in real life and in the news. After learning more specifically about big data in this module, now let's talk directly about it:

- Identify two ways you think big data could be present in your life.
- Respectfully give your thoughts, feelings, or opinions on big data.

Post your personal response in at least 4 sentences.
